

Help towards Dementia Problems

At a recent meeting of the Victory Chapter of Royal Arch Masonry the guest speaker was Mrs Karina Milligan of the Alzheimer's Society, who spoke about **Dementia and the work of the Alzheimer's Society** in fighting this growing problem, together with their role in supporting people with the condition and their carers.

After a most interesting talk with many enthusiastic questions & answers, David Broadhurst, First Principal of the Chapter, presented Karina with a cheque for £250 for the Ryedale & Whitby Branch of the Society, which is based in the Memorial Hall at Pickering.

He also passed a cheque for £250 to Eric Stead, the Charity Steward of the Chapter, to send off to **Martin House Children's Hospice at Boston Spa.**
