

Teddy Bears picnic in York

Emergency staff at York District Hospital gathered to celebrate the success of the "TLC Teddy Bear Scheme".

2 year old Wayne Hobbs arrived in A & E with his Mum and was presented with a Teddy by the Deputy Provincial Grand Master, V.W.Bro Jeffrey Gillyon and this soon helped to calm his nerves.

The scheme has been running successfully at York and is much appreciated by the staff.

The picture shows Wayne with his mother Fiona and nurse practitioner Kate Ruddock whilst the DPGM (right of picture) and York Area Co-ordinator, Robert Thompson, hold Giant Teddies which had been donated to the hospital to raise funds for the Department

John Hemy, Provincial Co-ordinator of the scheme is second from the right in the picture.
