

Keeping It In The Family

Old Hymerian Lodge No.6885 certainly like to keep their masonry in the family

Due to treacherous snow conditions that had besieged Hull on the afternoon of 12 February, the day of Old Hymerian Lodge's Installation meeting, only 5 officers, 9 members and 7 guests were present when the lodge was due to open but, taking the bull by the horns, W.Bro. Mikel de-Villamar Roberts PAGDC, took the chair and opened the lodge with other members standing in as the officers who then Installed his son Mark into the chair.

The incoming Worshipful Master said "whilst the weather had caused a number of brethren to be late or absent from the meeting, every cloud has a silver lining and I am very proud to have my father obligate me at my Installation ceremony as he did at my Initiation. It will certainly be something I will remember for a long time."

Not satisfied with having his father install him, a month later W.Bro Mark conducted the passing of his brother, Jonathan, who had specifically come back from New York, where he works, for the ceremony.
